

Dear Kilittası Community,

As the sun warms our hearts and spring greets us with all its beauty, it has also been a lively and joyful week at our school. We want to share some academic highlights and upcoming special events with you.

23

April 23 National Sovereignty and Children's Day

We are excited to celebrate April 23, a day that symbolises national sovereignty and the love we hold for children, with great enthusiasm at our school. Although the schools will be closed on this particular day, we invite our parents and students to join a ceremony we will be organizing in light of Children's Day.

Ceremony Date: **Wednesday, April 23**

Start Time: **10:00 AM** (The ceremony will last approximately one hour.)

Participating Students: Must arrive at school no later than **9:30 AM**.

Students from different countries are welcome to attend in attire that reflects their cultural heritage.

We invite all primary school parents to join us for this meaningful event.

We are honoured to celebrate this special day, which was gifted to all the world's children by the founder of the Republic of Turkey, Mustafa Kemal Atatürk. Inspired by his words, "Little ladies, little gentlemen... You are all a rose, a star, the light of prosperity of the future," we continue to raise our children with love and hope.

PEI Canada Ministry of Education Inspection

On April 16 and 17, our school underwent a comprehensive inspection by the PEI Canada Ministry of Education. The inspectors gave very positive feedback regarding the strength of our academic practices, the reliability of our teaching methods, and the quality of our learning environments.

This process is a testament to the international standards we uphold and a clear indication that our school continues to grow stronger every day.

April 24 Cultural Diversity Day

As you know, Thursday, April 24, will be celebrated as Cultural Diversity Day at our school. This meaningful day allows us to embrace the joy of coming together while drawing strength from our diverse backgrounds.

Parents can contribute to the event by preparing and bringing dishes from world cuisines.

Parents representing different countries are also welcome to wear traditional clothing that reflects their heritage and add even more color and richness to the day.

Our PTO team will contact parents regarding the organisation of the event. We thank you in advance for your support.

Edinburgh Science Festival: A Journey Through the Wonders of Science

Our group of 17 students and 2 teachers who attended the Edinburgh Science Festival returned to Turkey on the night of April 15. Throughout this special trip, our participants took part in scientific workshops, experiments, and built connections with students from around the world—creating an unforgettable experience. Our students returned filled with inspiration and knowledge after their exciting journey through the mysterious world of science.

As we wrap up a week full of heartwarming weather and exciting news, we wish you all a relaxing and joyful weekend.

Breaking Barriers on the Global Field

We're so proud to announce that our student Zeynep has been selected to represent Türkiye at the Real Madrid Foundation World Challenge in Madrid! 🇹🇷🌟

Zeynep is the only girl chosen from all Turkish U10, U12, and U14 teams—and one of the few girls in the tournament. Her passion, perseverance, and fearless spirit are an inspiration to us all. Let's cheer her on and show our support! Follow her journey on Instagram and Facebook Go, Zeynep! You make us proud!
